TROLLEY HORROR

Nearly Forty Persons Are Killed
In the Accident.

PLUNGED FROM A TRESTLE.

The Scene Was at Peck's Mill Pond
at Oronoque, Conn.

CAR IS TURNED COMPLETELY OVER.

An Eye Witness Says It Was Running
Rapidly When It Left the Track
and With Its Human Freight
Topped Over to the
Flats Below.

Bridgeport, Conn., Aug. 7.—A trolley
car horror marred Sunday here.

Nearly 40 persons were killed by an
accident on Stratford extension of the
Shelton Street Railway company at 4
p. m., when a loaded trolley car went
off the trestle over Peck's mill pond
at Oronoque, about six miles north of
Bridgeport, and sank in the flats 40
feet below. Thus far 36 people are
known to be dead and several more in-
jured.

Only two persons are known to have
escaped unharmd. It is believed that
there were 43 passengers on the car,
but the indicator was removed by a
conductor of another car and spirited
away, so that at present it is impos-
sible to state accurately the number
aboard. The scene of the accident is
midway between Shelton and Bridge-
port. The car was northbound, run-
ning toward Shelton. It was in charge
of Conductor John Carroll of Bridge-
port, who was among the killed, and
Motorman Hamilton of Bridgeport,
who escaped by jumping.

CAR OVERTURNED.

The trestle is 440 feet long, made of
iron, with stone foundations, and was
not protected by guard rails. South of
the trestle an incline down which the
car ran at a high rate of speed. It ran
onto the trestle for about 10 feet, the
trucks left the rails and then the car
continued on the ties for about 75 feet,
when it went off the trestle, and
dropped into the pond below, over-
turning completely and up-ending.
When the car struck the four-to mor-
tor and the heavy trucks crushed into
it, instantly killing many of the pas-
sengers. Three physicians, who were
passengers on a car a short distance
behind, arrived quickly on the scene
and rendered all possible assistance to
the injured. Word was sent to Bridge-
port, and three ambulances and a pol-
ice wagon were hurried to the scene
and the injured were taken to Bridge-
port general hospital. A morgue was
improvised in the main room of the
town hall at Stratford, and in a very
short time 23 bodies were laid out
awaiting identification.

The accident was witnessed by Miss
Francis Peck, who resides about 400
feet from the bridge. She was up-
stairs at her home as the car was pass-
ing, and she says that it was running
unusually fast. Frank Cramer, who
was bathing near the bridge, states
that the passengers were all singing
and in the most joyful mood as they
passed him. The road, which is prac-
tically controlled by the Bridgeport
Traction company, was opened for
traffic last Thursday.

Fatal Collision.

Saunderstown, R. I., Aug. 7.—Two
cars collided on the Seaview electric
road running between Wickford and
Narragansett Pier. Merritt Lyman
Abbey, a motorman, was killed. Of
the 40 passengers only one was injured,
Miss M. E. Brown of Providence. Both
cars were set on fire by the electric
current and totally destroyed.

Swimming Instructor Drowned.

New York, Aug. 7.—Davis Dalton, a
well known swimming instructor, who
has been stopping at Far Rockaway,
was drowned near Hog Island. He
was in the water giving an exhibition
of swimming, when he suddenly dis-
appeared from sight. He did not im-
mediately rise and it was supposed he
was showing how long he could re-
main under water. After the longest
possible time for a person to remain
had passed boats were sent out and
the body was recovered. It was found
that death resulted from apoplexy.

Austin, Tex., Aug. 7.—A special re-
ceived here from Terrazas, Chihuahua,
Mex., which is located near the
scene of the Yaqui uprising, is to the
effect that the Indians are arranging
for a prolonged war. The special also
reports that a number of miners and
ranchmen in and near Cocori had been
slain and their property laid waste.

NOTED PERSONS

Arrive at Rennes to Take Part In the
Dreyfus Trial.

Bennes, Aug. 7.—The town is ex-
tremely animated, but everywhere
perfect tranquillity prevails.
Public interest was concentrated
upon the arrival from Paris of various
personages likely to figure in the trial
of Captain Dreyfus. Among these are
Generals De Boisdeffre, Gonse and Ro-
get, all in mufti; M. Godefroy Cavaig-
nac, former minister of war, and M.
Casimir-Perier, former president of
France. M. Casimir-Perier, who was
much fatigued by the long railway
journey, decided to walk to the hotel,
hoping that he would not be recog-
nized, but his identity soon became
known and a large crowd followed him,
as, attired in a light summer suit, he
walked slowly along, chattering with
the perfect of police and the chief of
the secret police, M. Viguer, who met him
at the railway station and accompanied
him to the hotel. The crowd made no
demonstration.

It is now fixed that the trial shall
commence Monday. After the indict-
ment has been read it is thought prob-
able the president of the courtmartial,
Colonel Jüst, will order the doors
closed for the consideration of the se-
cret dossier, which will be presented
by General Chamein. The considera-
tion of the dossier, it is expected, will
occupy two days, so that the next pub-
lic session will probably be on Thurs-
day, although perhaps not until Fri-
day. The general impression is that
the whole proceedings will occupy at
least three weeks.

Returned From Cuba.

New York, Aug. 7.—The United
States transport Buford arrived in
quarantine from Cienfuegos and
Havana. Among those on board were
Majors I. C. Brown, W. R. Graham and
E. Wood, Lieutenant Fitzhugh Lee, Jr.,
and 19 other passengers. There were
also 60 discharged soldiers, 51 quarter-
master's employes, 29 indigent Ameri-
can citizens, eight soldiers on furlough,
27 sick soldiers and six discharged
soldiers en route from Mantanzas to
New York. The Buford, after under-
going the probationary period, and
after being cleared by the health of-
ficer, will proceed to New York.

Another Kentucky Trick.

London, Ky., Aug. 7.—At East
Bernstadt, this county, Clyde Thomp-
son, 18, son of Deputy United States
Marshal George Thompson, was lean-
ing against a telegraph pole. A young
man named Holt came along and told
Thompson to stand aside as he wanted
to shoot at the pole. This he refused
to do. Again Holt told him and again
Thompson refused. Then Holt drew
a pistol and fired at the pole, of course
hitting Thompson, who is fatally
wounded, the ball passing through his
body one inch from his heart.

Costs For a Lock.

Sault Ste Marie, Mich., Aug. 7.—Col-
onel Charles W. Raymond and George
Y. Wiscner of the deep waterways
commission have finished their inspec-
tion at this point. The report of the
commission will contain estimates on the
cost of constructing a new and larger
lock with a depth of 30 feet. Should
this lock be found necessary later it
would undoubtedly be constructed on
the site of the present Weitzel lock.

Death of Rev. Pepper.

Cleveland, Aug. 7.—Rev. George W.
Pepper, D. D., died at his home in this
city. Dr. Pepper has been in ill health
for several months. Dr. Pepper was
ordained a Methodist minister in 1850,
and has been prominent in that church
in Ohio. In 1890 he was appointed
United States consul at Milan, Italy.
He is survived by four children, one
of whom, Charles M. Pepper, is a well-
known newspaper correspondent.

To Welcome Dewey.

Naples, Aug. 7.—Mr. Lewis M. Id-
dings, secretary of the United States
embassy, and Mrs. Iddings, who ar-
rived here from Rome for the purpose
of welcoming Admiral Dewey, gave a
banquet in his honor at the Hotel
Royal. The room was richly decorated
with flowers and hung with American
and Italian flags. Mrs. Iddings toasted
King Humbert, President McKinley
and Admiral Dewey. There were no
set speeches.

Defeated Athletes Return.

New York, Aug. 7.—Of the college
athletes who went to England on July
5 to compete with the Oxford-Cam-
bridge team, eight returned on the St.
Louis. The men expressed regret at
their having been beaten by the En-
glishman, but were emphatic in praise
of the sportsmanlike treatment ac-
corded them.

Steubenville, O., Aug. 7.—Thomas
Whalen and Michael Joyce, giving
Pittsburg as their residence, were ar-
rested on the Panhandle accommoda-
tion on suspicion of being the murder-
ers of Engineer Joseph Michael of Tus-
carawas who was shot while repelling
robbers.

GANG PLANK BREAKS.

Bar Harbor Excursionists Are Precip-
itated Into the Water.

A SCORE OF PERSONS DROWNED.

Trainload of Visitors From Bangor
Have a Tragic Experience During
Their Trip to See The War-
ships Enter Port.

Bar Harbor, Me., Aug. 7.—A score of
persons were killed by the collapse of
the gangplank of the Mount Desert
ferry.

Among the bodies identified are
those of Mrs. William Murray of Brew-
er, Irving Bridges of West Hancock,
Albert Colson of Levant, Mrs. Alonzo
Oakes of Bangor, Joseph Murphy of
Old Town, Mrs. Hollis Estey of Ellis-
worth, Clifford Cushman of Corinth,
Mell McCadd of Corinth, Miss Lizzie
Wood of Bangor, Charles W. Downes
of Ellsworth, E. E. Sweetzer, traveling
salesman, Portland; Ora M. Lank of
Danforth, G. R. Bennett of Brewer and
a woman believed to be his wife.

The Maine Central ran excursions to
Bar Harbor from all sections of its line
in Maine, the attraction being the war-
ships under Admiral Sampson, which
were expected.

The train, which left Bangor at 8:25,
consisted of 12 cars jammed with peo-
ple. At Mount Desert ferry, the ter-
minus of the line, the train is left
for the boat, for an eight-mile sail to
Bar Harbor. From the wharf a slip
or gangplank 40 feet long and 10 feet
wide, led up to the boat. The slip was
hinged at the inner end, was raised or
lower to suit the tide. Five timbers
four by 12 inches, set vertically, ran
the length of the plank, and these were
crossed by two-inch planking. It is
said that there was no support for the
plank between the hinges at the outer
end.

When the excursion train from Bangor
arrived at the ferry there was a
rush for the steamer Sepphet. The
first few passengers had crossed the
gangplank safely, and it is estimated
that 200 people were massed on the
plank. Suddenly they felt the plank
give way beneath them. The long tim-
ber supporting the plank broke in the
middle. The hinges held up one end
and the chain the other, while the
broken ends of the plank dropped, and
a struggling, screaming mass of hu-
manity was plunged into the water, 15
feet below the wharf. A few clung to
the inclined sides of the plank, but at
least 150 were struggling in the water.

The pling of the wharf partially
penned them in on three sides and the
boat lying at the wharf closed the
outer end of the opening. After the
first moment of stupefaction the work
of rescue began. Ropes and life pre-
servers were thrown to the crowd, but
in the panic the people in the water
clutched one another, and many sank
thus in groups in a death grapple.
Many taken from the water were un-
conscious and were revived with diffi-
culty. Doctors were summoned from
all directions, but it was half an hour
before the first arrival. The freight
house at the ferry was turned into a
morgue, the bodies being taken there
for identification as fast as recover-
ed. By noon 17 had been recovered.
Three other persons were taken on
board the Sappho and died on the way
to Bar Harbor.

The exact number of dead will not
be known for some time yet, as a strong
tide sweeps under the pier, and some
bodies may have been carried away by
it. A diver, who was set to work with-
out delay, was engaged in his search
until 5 p. m., but only 17 bodies were
found. The coroner impanelled a jury
and the inquest will begin at once.

Hackman Was a Presbyterian.

Plattsburg, N. Y., Aug. 7.—President
McKinley, accompanied by Secretary
Cortelyou, attended church, driving
from the Hotel Champlain. Although
the man who drove had lived in
Plattsburg all his life, he drove the
party to the Presbyterian church in-
stead of the Methodist church, making
the president about 15 minutes late.
The pastor of the church, however,
delayed services until the arrival of
the president. When he entered the
church the entire congregation arose
and remained standing until he had
been seated. Bishop Goodsell of Ten-
nessee preached the sermon, taking
his text from the ninth chapter of St.
John, thirty-ninth verse.

Rarewell Meeting.

Saratoga, N. Y., Aug. 7.—The Uni-
versal National summer meeting con-
cluded its eighteenth annual gathering.
Addresses were made by Rev. Dr. H.
W. Thomas of Chicago on "The Con-
tinuity of Life," and by Rev. Dr. E.
C. Sweetzer of Philadelphia on "Uni-
versalism and the Bible."

TRACKS TORN UP.

Michiganders Deal Summarily With a
Street Railway Company.

Pontiac, Mich., Aug. 7.—Tracks of
the Sylvan Lake Street Railway com-
pany on Saginaw street, the main thor-
oughfare of the city, were torn up
early by a gang from Detroit. The is-
ter are understood to have been em-
ployed by aldermen and other citizens.
The streets were crowded by people
called out by continued blowing of
steam whistles. The cause for indig-
nation against the company is the fact
that the railway company opposes
paving of the street and has enjoined
the city from proceeding therewith.

Bids Opened.

Washington, Aug. 7.—The navy de-
partment opened bids for the new tim-
ber dry dock at the United States navy
yard, League Island, Philadelphia, to
cost not exceeding \$825,000, according
to the provision made by congress, and
to be one of the most spacious docks on
the Atlantic coast for the accom-
modation of warships. The bidders
were Farrell and Hopper, New York,
\$1,182,600; McGaw and Roosevelt, Phila-
delphia, \$1,220,000; McIlvain, Unkel-
fer & Company, Pittsburgh, \$1,143,569;
Currs and Driscoll, Springfield, Mass.,
\$750,000; George Pierce, Bangor, Me.,
\$949,973; Atlantic, Gulf and Pacific
company, of New York, \$749,000 and
\$3.50 per square foot for steel ap-
proaches; Dagnon and McLean Co-
struction company, New York, \$957,000.

Anti-Trust Conference.

Austin, Tex., Aug. 7.—Attorney Gen-
eral T. S. Smith has so far received 22
replies from attorney generals to in-
vitations to attend the anti-trust con-
ference to be held on September 20 at
St. Louis. Of this number six have
signified their intention of being pre-
sent and participating in the proceed-
ings. They are: David M. Campbell of
Colorado, Edward C. Crowe of Mis-
souri, Jeff Davis of Arkansas, W. L.
Taylor of Indiana, C. B. Nolan of Mon-
tana and F. S. Monnett of Ohio. Others
have signified their intention of being
present should their official duties al-
low.

Will Withdraw Troops.

Cleveland, Aug. 7.—It is announced
that all the military will be with-
drawn from Cleveland, perhaps at
once. This has been one of the quiet-
est days since the beginning of the
strike. Violence has ceased entirely,
and there is no apprehension of a
fresh outbreak. The action of the
merchants in declaring their purpose
to resist the boycott has already had
its effect. The cars were well patron-
ized on the Euclid and Cedar lines,
and there was a noticeable increase
in the number of passengers carried
on other lines.

Attorneys Arrested.

Milwaukee, Aug. 7.—United States
District Attorney Milton C. Phillips of
Oshkosh, Attorney Francis Bloodgood,
Jr., and Edmund D. Carter, an insur-
ance agent, are accused, in a complaint
filed in the United States court, of an
attempt to wreck the Bankers' Life
Association of Minnesota, one of the
largest and most powerful assessment
insurance companies in the world. This
was to be accomplished, according to
the complaint, by securing the ap-
pointment of a receiver or receivers
to wind up the affairs of the associa-
tion.

Threatened Famine.

London, Aug. 7.—The condition of
India continues serious. Except in
Bengal, practically no rain has fallen
in western or southern India for nearly
40 days. The Bombay government
is already considering means to cope
with the famine which will be severe
unless rain soon comes. A famine
would seriously interfere with the cur-
rency reforms. The natives say the
luck of the viceroy of India, Lord Cur-
zon of Kedleston, is failing.

Council of War Deliberating.

Madrid, Aug. 7.—The supreme coun-
cil of war deliberated over its judg-
ment in regard to the surrender of
Santiago de Cuba to the American
troops. It is reported the accused of-
ficers will be acquitted. It is said the
public prosecutor has submitted a re-
port demanding that imprisonment for
life be imposed upon the Spanish of-
ficers who are responsible for the sur-
render of Manila.

Neither Preventive Nor Curative.

Washington, Aug. 7.—In a letter to
Surgeon General Sternberg, the distin-
guished Brazilian physician, Dr. J. B.
De Lacerda, of Rio de Janeiro, says:
"The serum of Dr. Sanarelli has failed
here in Brazil. The experiments made
at San Paulo have not been favorable
to the use of this serum. It is neither
preventive nor curative."

Santiago, Cuba, Aug. 7.—There are
nearly 5,000 Cuban soldiers here ex-
pecting to be paid here at once. The
remainder of the Cuban troops in the
province of Santiago will be paid at
the towns of San Luis, Cristo, Songo
and El Caney.

OWN THEIR OLD HOME

The President Purchases the Famous
McKinley Cottage at Canton.

HOW THE DEAL WAS COMPLETED.

Mrs. Harter Disposes of the Property
to the Distinguished Couple
Who Began Housekeeping
a There Years Ago.

Canton, ., Aug. 7.—President McKin-
ley has purchased the famous "McKin-
ley cottage" at the corner of North
Market street and Louis avenue.

The consideration was \$14,000. The
papers have passed. He will secure
possession under the contract and deed
October next. The property was not
in the market. It was endeared to the
president and Mrs. McKinley as their
first home where they began house-
keeping and by tender memories of
sorrows there. The lot is 100 feet front
on Market street by 244 on Louis ave-
nue. The front veranda shows the
most wear from the historic campaign
of 1896, when the noted home was the
political Mecca for nearly a million
people. Before leaving Canton for the
inauguration, President McKinley
tried to buy the home made doubly
dear to him. It is not believed that
Mrs. Harter would have sold the place
to anyone else. It is believed to be
the president's intention to spend a
part of each summer in Canton. The
interior of the house has always been
roomy and cool and comfortable. It is
thought possible that the president
may renovate the house and make
some improvements.

Bond Must Be Paid.

Washington, Aug. 7.—Hon. John
Goodnow, consul general of the United
States at Shanghai, has rendered a de-
cision as referee in the consular court
which will be of far reaching impor-
tance during the continuance of the war
in the Philippines. The case was in
relation to the steamer Abbey, charged
with taking arms from Canton to
Luzon. It has been in contention for
some time. The owners of the vessel
gave a bond that the ship should land
the arms purchased at Singapore, but
she did not do so. The bond was de-
manded by the Chinese customs au-
thorities. Mr. Goodnow holds that it
must be paid. The North China Daily
News publishes the decision of Consul
General Goodnow in full, and com-
ments editorially upon its importance
in the matter of preventing further
shipments of arms to the insurgents
in the Philippines, and says that it
will be far reaching in its effect in
stopping the sending of arms to the
Filipinos.

Experiments In Cheese Making.

Washington, Aug. 7.—Dr. E. W. Al-
len, assistant director of experiment
stations in the agricultural depart-
ment, has just returned from a pro-
longed tour of the west. He states
that one of the most interesting lines
of investigation which is being pursued
in these stations is that with regard
to cheese making. The station in Wis-
consin is taking the lead in this espe-
cial work, and discoveries have been
made there which revolutionize the
European theory that the ripening of
cheese is due to bacteria. The Ameri-
can experiments demonstrate that the
principal change in the albuminoids,
which takes place in the ripening pro-
cess is dependent upon ferment, which
is contained in the milk itself and not
to the bacteria. It is believed that this
discovery will have an important
bearing upon cheese manufacture in
the future.

Will Parade In Chicago.

Chicago, Aug. 7.—Colonel J. B. Sap-
born of the First regiment of the Illi-
nois National Guard has invited the
Tenth Pennsylvania regiment on be-
half of the Chicago regiments of the
Illinois National Guard to stop in Chi-
cago on Aug. 30. It is understood the
Pennsylvania regiment is willing to
parade in Chicago after being mustered
out at San Francisco. The Illinois
National Guard and naval militia will
arrange a suitable reception for the
Pennsylvanians.

Rate Settlement Expected.

Chicago, Aug. 7.—Members of the
Chicago board of trade and others di-
rectly interested in the handling of
grain, look forward to the meeting in
this city of the interstate commerce
commission and the executive officers
of the eastern and western railroads
with unusual interest. It is the gen-
eral expectation that the meeting ul-
timately will result in some definite set-
tlement of the long standing ques-
tion of export rates and territorial rights.

New York, Aug. 7.—Senator Wolcott
of Colorado, Tod Sloan, the jockey,
"Pedlar" Palmer, the pugilist, and Is-
rael Zangwill arrived here on the Cam-
pania.

THE DEATH RECORD.

Names of Two of the County's Prominent Citizens Added To the Long List.

Mr. C. W. Forman Died Sunday at Noon and Was Followed This Morning by 'Squire Jos. M. Alexander.

'Squire Joseph M. Alexander, whose dangerous illness was mentioned last week, died this morning at ten minutes past two o'clock at the family residence near Lewishurg. A little over two weeks ago he was stricken down with some disease of the stomach and liver, and for several days had lingered in a very critical condition.

Mr. Alexander was a native of Fleming County, born near Mt. Gilead, and was a son of Wm. H. and Ann Alexander. Most of his life was spent in this county, where he was universally esteemed as an upright and industrious citizen. He had served the people of Lewishurg precinct several years as a Justice of the Peace, and was a faithful and efficient official. His wife, who was Miss Mary Elizabeth Davis, survives him, and he leaves four children, James, Morris, Lula and Mrs. Lena Foxworthy, the latter of Mt. Carmel. Deceased was a brother of Ex Sheriff John W. Alexander.

C. W. FORMAN.

Mr. C. W. Forman died Sunday at noon at his home near Washington. He was a sufferer from a complication of diseases, and had been failing since last February. For several weeks his condition had been critical. Sunday morning he was stricken with paralysis, the end coming at 12:30 o'clock.

Mr. Forman was the youngest son of the late Geo. L. Forman, and was in his fifty-first year. He was horn a quarter of a mile from where he died, and spent his life in that vicinity. Mr. Forman was one of the county's best citizens, and was a member of one Mason's old and honored families. He was a Deputy Sheriff some years ago, when Mr. Jos. F. Pegrie was high Sheriff.

GREATLY ENJOYED

Was the Impromptu Organ Recital Given by Mr. Harry Pilcher at the Episcopal Church.

Quite an unexpected pleasure to lovers of sweet sounds, was the impromptu organ recital by Mr. Harry Pilcher, at the Episcopal Church Saturday evening. The new instrument lately put in the church by the Pilcher Brothers has been a joy and delight to all who have heard it but never before has it been heard to such advantage. It seemed as if it responded like some human thing to the master-touch, recognizing its maker. Mr. Pilcher played entirely from memory, not having any music with him, but the selections were rendered with exquisite feeling and magnificent technique, showing perfect mastery of the instrument, and were indeed a revelation, in organ playing, to those fortunate enough to understand even a little of the difficult ecience.

Mr. Reed Chunn kindly responded to request, and sang "The Palms," in his happiest manner.

Altogether it was a most enjoyable hour, carrying with it but one regret, that not more of our friends could have been invited to share it with us. M. M.

Miss ELLE RYAN has removed her dress-making room to Sutton street, over the express office, and will be glad to see her patrons and the public generally.

TELLING THEIR TROUBLES.

Mormon Elders Will Ask Bradley for Protection—That Beechburg "Outrage."

CHATTANOOGA, TENN., Aug. 4.—The Southern Mormon headquarters in this city this morning received a letter from Elder H. M. Figline, who is laboring in Fleming County, Ky., giving further details of the outrage committed by a mob of Kentucky men at Beechburg, in Fleming County.

The Mormon Church had been built and insurance policies secured to cover its value in case of its loss by fire. To prevent the congregation from securing any insurance with which to rebuild the church, the mob, instead of setting fire to it, used axes and saws. They tore the building down and then chopped into small pieces all the lumber.

Elder Figline stated there were thirty masked men in the mob, and that while part of them tore the church down the others stood guard with Winchester rifles to keep away interfeers. One Mormon follower attempted to discover who some of the outlaws were, and he was fired upon a number of times, receiving a serious, though not fatal, wound.

The President of the Southern Mission here stated to-day this was the eighth Mormon Church destroyed in Kentucky within a year, and that he would immediately request Gov. Bradley, of Kentucky, to take steps to protect Mormon elders and followers.

ELECTRIC PARK.

Entire Change of Program This Week. Another Good Performance Promised Patrons.

Beginning to-night, another week of genuine, first-class amusement opens for the patrons of the park. An entirely new program, which, by the way, is one of the strongest ever presented in this city, will be put on, and this promises to be one of the banner weeks in the whole history of the park.

To-night the celebrated Clipper duo, Whyte and Beckett, give their initial performance in Maysville, in song, repartee, dancing, etc. Miss Beckett is said to be the most finished and graceful dancer before the public, and Mr. Whyte, who is a vocalist of no mean ability, sings his own compositions. In connection with these people, the patrons of the park will have another opportunity to see last year's favorites, the Eldons, in their comedy sketch, entitled "Troubles in a Chinese Wash House," interspersed with ludicrous situations, feats of juggling, hat spinning, acrobatic gyrations, witty repartee, etc.

Don't miss this opportunity to give yourself and your friends an hour and a half of solid fun and enjoyment. Admission fifteen cents, including car fare. Reserved seats on sale at Nelson's.

ANSWER

To the Riddle advertised in this space last week:

TIME.

283 answers were received, 27 of this number being correct.

MR. J. W. RASP,

of this city, having sent in the first correct solution, is entitled to the Prize. The contest proved more interesting and satisfactory than anticipated, and it brought many people to my store, replies also being received by mail from a distance. The answers received covered a wide range, embracing such subjects as Light, Heat, Air, Breath, Water, Thought, Sound, Electricity, etc. Some FATHERLY advice accompanied Attorney Slattery's reply and TIME-ly observations were made by Colonel Willocks. Both gentlemen were right, but didn't get there in TIME to win the Prize.

REMNANTS!

Short lengths of Cotton Dress Goods at half price—no matter how little the whole price was. There are Lawns, Batistes, Dimities, Swisses, Organdies, Ducks, Nainsooks, Gingham, Madras, Oxfords, Piques, Covert Cloth. Pieces with yards enough to make a suit for a Miss: pieces long enough for shirt waists for women—and likely as not more than one remnant of same pattern, which, matched, would make a dress length.

5c. Lawns are 2½c.
12½c. Lawns are 6½c.
10c. Lawns are 5c.
25c. Organdies are 12½c.
16c. Organdies are 8c.
25c. Gighams are 12½c.

Remnants speak loudly in favor of goods. If they hadn't been pretty they wouldn't have sold down to remnants lengths. Of course the half prices apply only to the remnants; no reason to make the whole pieces cheaper.

FANS in great variety, from the inexpensive palm leaf to the aristocratic lace incrustated beauty. Have you seen the Japanese enameled stick fan we sell for 15c.? No one who wanted an inexpensive fan has seen it yet without huying.

CHARLEY WARNER KILLED.

Notorious Negro Character Receives His Death Wound Sunday Morning. Walter Lewis Charged With the Shooting.

Charley Warner, a notorious negro character, was shot and fatally wounded between 1 and 2 o'clock Sunday morning at a colored dance on Hord's Hill.

The ball entered about four inches below the navel and an inch or so from the median line. Dr. Yazell was summoned, but was unable to locate the ball. He and Dr. Pangburn, who was called in consultation, decided to operate on the wounded man Sunday afternoon and remove the bullet, but found Warner so low that the operation was abandoned. The wound proved fatal a few hours later, Warner dying shortly after 6 o'clock.

Walter Lewis, colored, is charged with the shooting and is in jail awaiting trial. He denies that he fired the shot and claims he had no pistol.

The dance was at John Polk's house and Lewis says the crowd was making so much noise he told them to quiet down. Warner began cursing and started towards him. Lewis says he was backing away when Warner was shot, but he didn't see who fired the shot. He says Joe Haley had some trouble with Warner before the fatal quarrel was started.

Another report, however, is that Lewis fired the fatal shot while Warner was quarrelling with a friend of Lewis.

Warner told both Dr. Yazell and Dr.

Pangburn that he had no weapon of any kind. He admitted he had taken a glass or two of beer, but said he had done nothing to provoke the shooting.

Warner had served several terms in the penitentiary, and returned from that institution only a week or so ago.

Case of Smallpox.

Dr. Shackleford, County Physician, was called to Fern Leaf Sunday to see a negro who was thought to be suffering from smallpox. He pronounced it a genuine case. The patient is Bob Walton, a negro living on the farm of Mr. S. M. Worthington. Dr. Shackleford will use every effort to isolate the case and prevent a spread of the disease.

MAJOR M. C. HUTCHINS

Will Go To Havana Soon Charged With Responsible Duty in Connection With the Census in Cuba.

CINCINNATI, O., Aug. 5.—Major M. C. Hutchins, United States Quartermaster at this place, has received orders to report to New York to await orders to go to Havana.

It is supposed Major Hutchins will be charged with responsible duty in connection with taking the census in Cuba.

When the Spanish-American War broke out Major Hutchins, who had for several years been a Judge of the Court at Maysville, Ky., was appointed Quartermaster by the President. He went to Cuba with Gen. Shafter's army, where he performed efficient service. Later he was assigned to the important post at Cincinnati.

He will be succeeded here by Capt. Thomas Downs, now stationed at St. Louis.

Coal.

Just received at Wormald's elevator a supply of fresh coal.

The many friends of Miss Hannah Byron will regret to learn she is very ill.

A HEADQUARTERS detective is investigating a case which is not only peculiar but pathetic. The story was reported by Miss Kittle Turner, the charming young daughter of George W. Turner, deceased. At the time of his death Mr. Turner held the position of assistant city chemist. He overworked himself during the recent smallpox epidemic and finally contracted a cold, which resulted in his death. Naturally his death was a great shock to his widow. Some two years ago Mrs. Turner gave a tintype photograph of her husband to one of those "photo enlarging" companies. It was the best picture she had of her husband. When she received the enlarged picture she was not satisfied with it and returned it. Since then she has been trying to secure the tintype without avail. It was not until after her husband's death that she made a decided effort to recover the tintype, but the company paid no attention to her repeated requests. She wants the police to aid her in recovering the picture.

The above is taken from the Cincinnati Times-Star, and is verified every few days at our Studio. Moral: 'Don't give your orders to agents. Leave them at CADY'S ART STUDIO, where the original picture will be safe and the enlarged picture will please you.

FROM THE PHILIPPINES.

A Nephew of the Late Theo. Lowry Tells of Army Life in That Far-off Land.

Mr. Oswin L. Crawford, a nephew of the late Theo. Lowry of this city, is a member of Company C, 17th Infantry, now engaged in the war with the Philippines. His cousin Mrs. Lee Hauke, is just in receipt of a letter from him dated June 23 in which he gives an interesting account of his experiences in that far-off land. His company was then at San Fernando. Through the kindness of Mrs. Hauke the BULLETIN gives the following extracts from his letter:

"Well I am on outpost duty to-day—myself and six others,—after being in reserve all night. We had a skirmish last night. We stand a two-hour guard during the day and in the night we are all on guard. I don't expect to get any sleep for thirty-six hours, as we are not relieved until 6 o'clock in the evening, and then we have to move our quarters, and that will take all night, may be.

"Our company seems to be a 'hoodo' for getting at these 'gugies,' for every time we are on reserve or on outpost we get in a scrap.

"To-night an eclipse of the moon is expected. Last night, as I said before, we were on reserve. Well, we had laid down about 10 o'clock, and had been resting about twenty minutes when there came about twenty volleys from the 'gugies' right over our heads, and light in the bamboo. Company C rolled out kind of quick, you can bet, and we had our side arms and rifles ready in a minute. And then the Captain shouted: 'First five squads to the right. Double quick.' Well, we went through the rice fields of water and mud three feet deep kind of quick and were marching in a line of skirmishers just as quick. The command came 'Lay down,' and behind a rice ridge in water. Then we had some rapid firing at little flashes of light that we could see, for over twenty minutes. Next we marched to the right over 300 yards and did some volley firing. Our rifles were very hot and some of the boys had to quit firing. Others would lay their guns in the water to cool, and would then begin again. Here we had to look over a sugar-cane field and fire. It all ended about 12 o'clock and we rolled in again and were not called out until we had to relieve Company E, at 5:30. We were all tired and sore, you can bet. The last time we were on this line there was a general attack on the town.

"We have gone into rain quarters here and expect to stay here for four months. Any time you are on outpost you can hear the 'ping' of the Remington or the 'pop' of the Mauser. I could write all day about some of the little skirmishes and battles our outfit have been in. Every one says we are a 'hoodo' to the regiment. I was with my company one and a half months before I was on duty as mounted orderly at headquarters of the Eighth Army Corps. Then I got in some very narrow places. I had to go from one block-house to another with messages and the dirty little 'pop-zip' of the Mauser made my feet 'cold.' (When a fellow seems to be afraid, the

boys say he has cold feet). Once I had to take a gang of recruits to San Isidore. We were fired on by the 'niggers,' and some of the boys wanted to run, others wanted to follow them and some wouldn't go either way.

"We have the railroad and the island as far as San Fernando. We expect to advance as soon as Gen. Miles gets here."

"One of the boys just came from his dinner. He remarked: 'If I am not mistaken my memory says I have had my dinner, but my stomach says I have not.' Now which would you believe? I always believe my mind for it is never wrong."

The Cincinnati Leaf Tobacco Warehouse Company in its circular for the week has the following:

"The offerings of tobacco on the breaks have been very light this week on account of the vacation taken by part of the buyers, and many sellers were under the impression that prices would not remain firm unless the market was represented by all the manufacturers, but what few bidders were offered were taken at full prices and some very satisfactory sales made. The offerings were of the low grades, there being no good tobacco placed on the breaks, and the competition among speculators and what few buyers were on hand made a very brisk market.

"We shall continue our sales at the Cincinnati Leaf Tobacco Warehouse Company next week, and feel confident that prices will be fully as strong under the small offerings as they will be when the vacation is over and the sales are crowded. Our experience has proved that a vacation is detrimental to the market, as the heavy offerings taking place immediately after has a tendency to lower prices.

"Receipts are liberal and stocks are increasing, but the demands of the manufacturers will no doubt require all the crop, and we predict a favorable market this fall.

"Reports of the growing crop are favorable in some sections of the country, while they are very unfavorable in other sections. With favorable weather we can only rely on an ordinary crop in quality and quantity."

Advertising is Suggestion.

"Good advertising is hypnotism," said a speaker in last night's meeting of the Society of Universal Brotherhood. "Hypnotism is suggestion, assertive or insidious, until the suggestion enters the mind and is acted upon by the subject. How many people have bought Uneda Biscuit because the suggestion of certain big violet colored posters was being kept in their mind?"—Kansas City (Mo.) Journal.
